Diligent

We follow a strict process that enables us to get things right the first time around.

ABOUT US

Vision and Values

We recognise that there is a massive skills shortage within the construction industry and we pride ourselves on delivering speedy and coherent assessments carried out by our highly experienced NVQ assessors with decades worth of knowledge in the comfort of your workplace/site so you will not have to take a day off work.

There is a lot of bad practices when it comes to the delivery of NVQ and people claiming this and that including people being scammed out of their hard earned money and just a general lack of information for you the customer before you make the decision to pay and that is where One Stop NVQ's Ltd comes in, we are 100% honest and upfront and take the delivery of NVQ's extremely seriously, so give us a ring today to discuss anything NVQ related were are happy to help in any way possible.

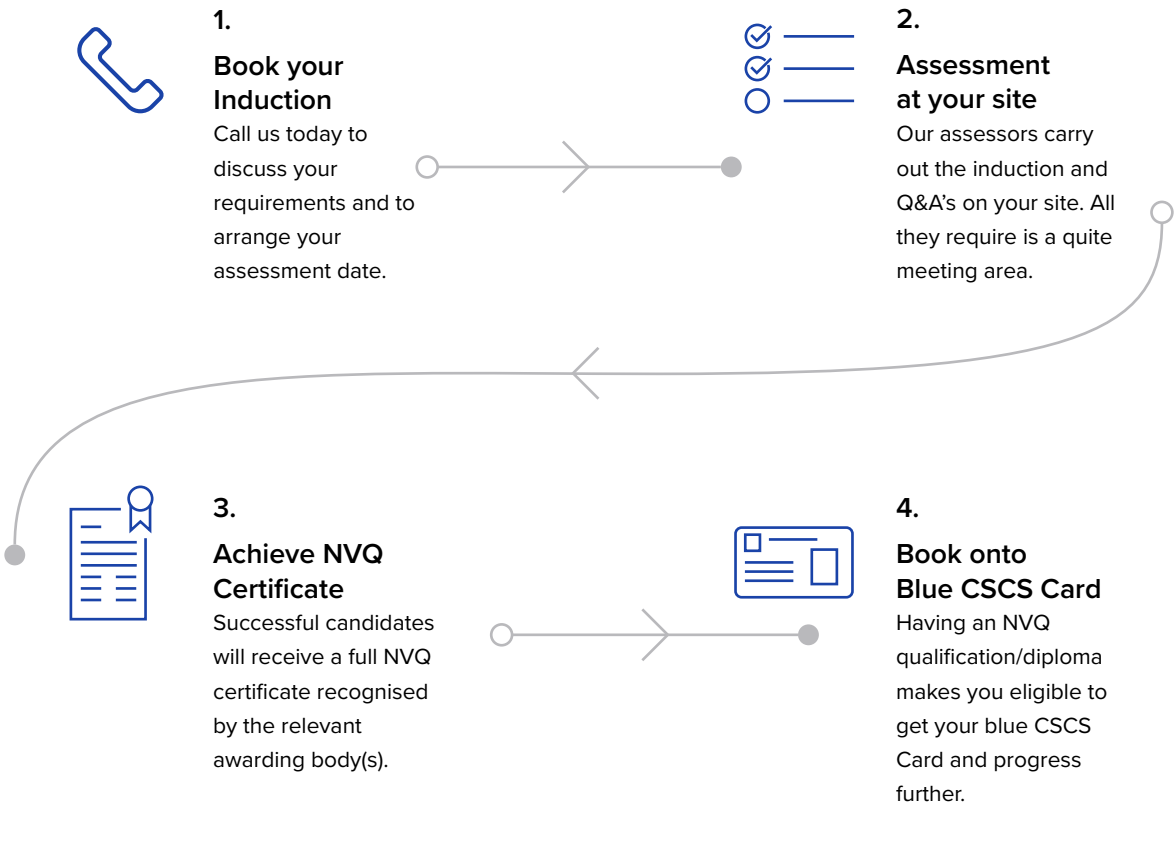

“We are 100% honest and upfront and take the delivery of NVQ's extremely seriously.”

THE PROCESS

How it works

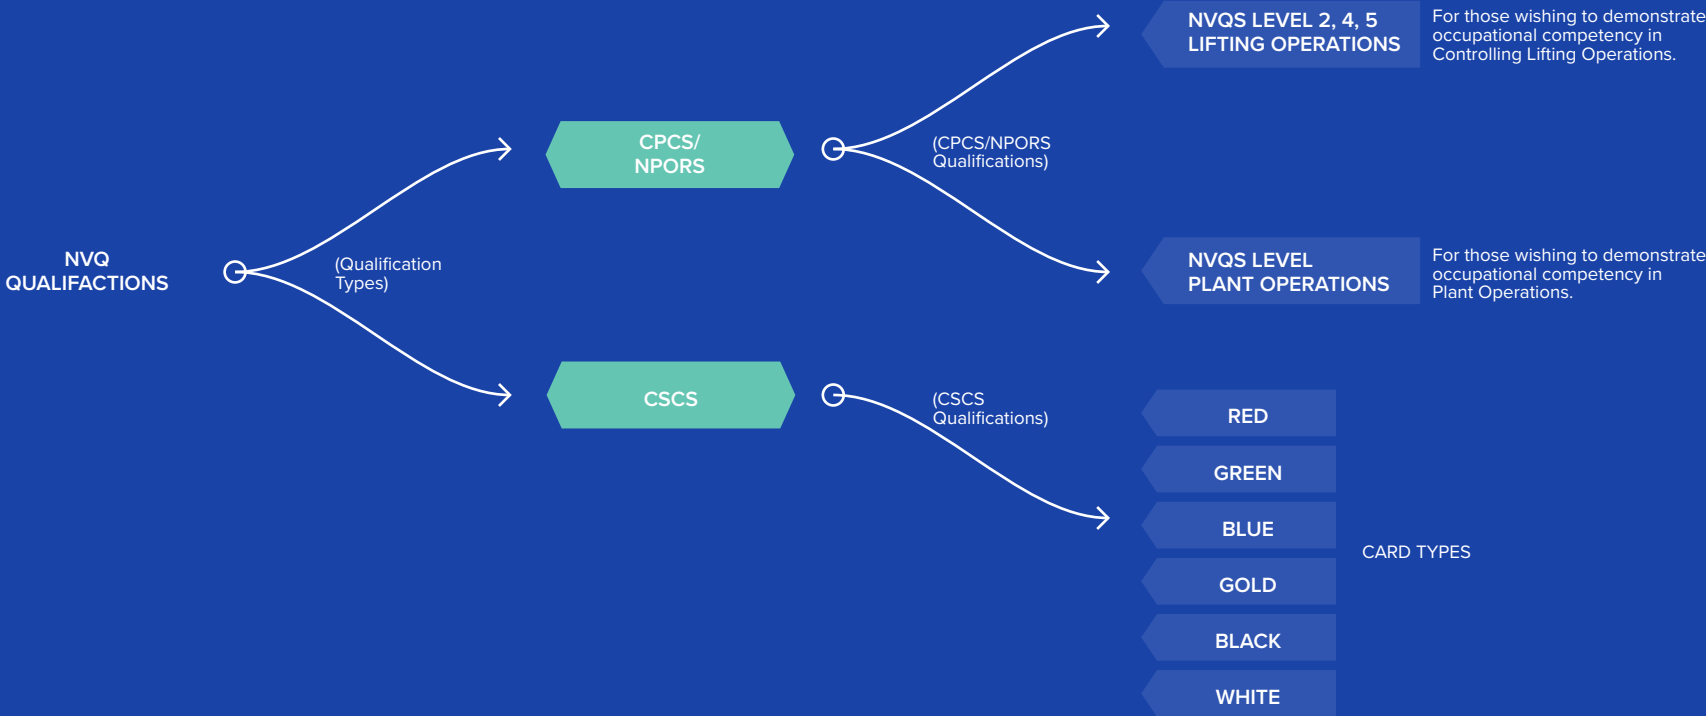

It is our mission to make the NVQ process simple and as painless as possible. This means, our assessors can come to your site of work to carry out the induction meaning you do not have to miss any days off in order to get your NVQ certificate. Our process can be broken down into 4 simple steps.
